

Welcome to...
ERGLE
Christmas Tree Farm

Thank you for visiting our farm!

A traditional Christmas begins with a real tree. Enjoy the fresh scent of Christmas with your family and friends. Tour the farm and discover Christmas tree shopping that is beyond ordinary. Farm animals, plants, wreaths, ornaments, train rides, refreshments - a true family experience.

We open in the spring for *u-pick* blueberries. From season to season other fruits and vegetables, such as strawberries, are often available. Please call or check our website for dates, times, and availability.

*More Than Just Trees -
Refreshments, Gifts,
Train Rides, Farm Animals*

- Refreshments are available for sale at the concession stand. Enjoy fresh kettle corn, hot dogs and beverages.
- We sell large blooming Christmas Cactus plants that make great gifts.
- *Fresh, hand-made Christmas wreaths* are made daily. Many sizes at various prices from \$15 to \$65. We offer both plain and decorated wreaths.
- The tree stands we use to hold and water our trees are for sale. These stands are easy to use, hold lots of water, and they last a lifetime!
- Look for Christmas ornaments, gifts, decorations, and *Ergle Christmas Tree Farm* t-shirts for sale at Santa's workshop.
- Don't forget Train Rides on the *Ergle Express*. Tickets are \$3 per person.
- Your visit will not be complete without looking in on the little goats located behind the potted trees. You never know what other farm animals may come by to visit.

Thank you for visiting our farm!

In December 2016 Ergle Christmas Tree Farm celebrated 30 years in business. We are so thankful for our customers that made this possible.

Choose and Cut Trees

- You may cut any tree on the farm that is growing in the ground that is 5 feet or taller.
- **PLEASE do NOT cut our baby trees that are less than 5' tall. Thank you!**

If you accidentally cut a tree and it is under 5' tall, the charge is \$30.00.

- Choose & cut trees that are 5' to 9' tall are \$6 per foot.
- Larger, choose & cut trees over 9' tall are \$7 per foot.

- Saws and measuring sticks are located across from the barn and cash register area at the corner of the large shade house. *Please be careful - saws are sharp!*

- When cutting your tree, consider the need for your tree stump to fit into your tree stand.

before your tree is loaded onto or into your vehicle.

- After you cut your tree, bring your tree to the barn area so that we may shake and net your tree. You will need to show your paid register receipt to our workers

Pre-Cut Northern Trees

We carry *Fraser Fir, Concolor, Douglas Fir, Balsam Fir, Blue Spruce, and Scotch Pines* from Michigan and North Carolina.

- *Pre-cut trees* are located inside the shade house and individually priced.
- Trees are *fresh cut* weekly and delivered by refrigerated truck *fresh to our farm.*

- When the trees arrive they are placed in the shade and in tree stands with water to ensure freshness and quality.
- After you select a *pre-cut tree*, an employee will move the tree from the shade houses to our *shake and net* area.
- A *fresh cut* will be made on the trunk of the tree and your tree will be netted for transport.
- Please show your *paid register receipt* to an employee *before* your tree is taken to your vehicle.

A special tip from the professionals - Fraser Firs are our favorite! Fraser Firs are the most fragrant! Fraser Firs have the best needle retention! Fraser Firs will outlast all other cut tree varieties!!!

Potted Trees

- Potted trees are great because they can be planted after Christmas!
- Our selection is located on the *west* side of the barn area, directly behind the large oak tree.
- The main varieties that we have available are *Leyland Cypress* and *Florida Red Cedar* priced from \$45 to \$100.
- When paying for your potted tree, be sure to obtain the *Living Tree Care and Planting Instruction Sheet.*
- We also have small potted trees starting at \$10 that may be used in a child's room or small area. These are located on the *east* side of the barn.

Tree Care

All trees we sell will last throughout the season with proper care. You will be given *tree care instructions* while you are paying for your tree. The main ingredient in the care of your tree(s) is that you *do not allow the tree to run out of water.* If a cut tree runs out of water, the sap will seal the trunk and the tree can no longer take in water. *A potted tree needs water just like any other plant.* Tree care instructions are also available on our website: www.ergletrees.com.
